He strode from the house, turned, and set a fire spell on it so that it burst into flames, thatch and walls and every window spouting fire. Women ran out of it screaming. They had been hiding no doubt in the back room; he paid them no attention. "Hound," he thought. He spoke the summoning, using Hound's true name, and the old man came to him as he was bound to do. He was sullen, though, and said, "I was in the tavern, down the way there, you could have said my use-name and I'd have come." .sorcerer, Alder had said. Not a wizard, not a mage. Only a curer, a cattle healer. I do not need. All the thoughts he had not been able to think for days and weeks were racing through his head, a storm of ideas and feelings, a passion of rage, vengeance, pity, pride.. "Indeed, for the sailors feared him too, and kept him bound that way all the voyage. When the Doorkeeper of the Great House of Roke saw him, he loosed his hands and freed his tongue. And the first thing the boy did in the Great House, they say, he turned the Long Table of the dining hall upside down, and soured the beer, and a student who tried to stop him got turned into a pig for a bit... But the boy had met his match in the Masters..The true name of a person is a word in the True Speech. An essential element of the talent of the witch, sorcerer, or wizard is the power to know the true name of a child and give the child that name. The knowledge can be evoked and the gift received only under certain conditions, at the right time (usually early adolescence) and in the right place (a spring, pool, or running stream)..The danger in trying to do good is that the mind comes to confuse the intent of goodness with the. "It's a rare gift, to know where you need to be, before you've been to all the places you don't need to be. Well, send me a student now and then. Roke needs Gontish wizardry. I think we're leaving things out, here, things worth knowing...." "Your Rose is a wise flower," said the mage, unsmiling.. "I heard -" she said, and could not say what she had heard.. "It must be weird, coming back like this," she said almost in a whisper. She shuddered.. "Oh, they'll come for the glory," said the harper, a lean, long-jawed, wall-eyed fellow of forty. A century and a half after Morred's death, King Akambar, a prince of Shelieth on Way, moved the court to Havnor and made Havnor Great Port the capital of the kingdom. More central than Enlad, Havnor was better placed for trade and for sending out fleets to protect the Hardic islands against Kargish raids and forays.. She looked round, and he looked up. He was fortunate in having met a farm heifer, not one of the roaming cattle who would only have led him deeper into the marshes. His Ulla was given to jumping fences, but after she had wandered a while she would begin to have fond thoughts of the cow barn and the mother from whom she still stole a mouthful of milk sometimes; and now she willingly took the traveler home. She walked, slow but purposeful, down one of the tracks, and he went with her, a hand on her hip when the way was wide enough. When she waded a knee-deep stream, he held on to her tail. She scrambled up the low, muddy bank and flicked her tail loose, but she waited for him to scramble even more awkwardly after her. Then she plodded gently on. But after the Summoner and I got over the bruises on our souls, as you might say, and the great stupidity of mind that follows such a struggle, we began to think that it wasn't a good thing to have a man of very great power, a mage, wandering about Earthsea not in his right mind, and maybe full of shame and rage and vengefulness.. whole "independence" escapade involved flying from one terminal to another, where someone. For a moment longer they held still; then the night wind blew across their naked shoulders, and shivering, they waded out, dried themselves as well as they could, struggled barefoot and wretched through the sharp-edged reeds and tangling roots, and found their way back to the lane. For he saw the whole plan now was folly. There was no way he could disguise her that would fool the Doorkeeper for a moment. All his notions of humiliating the Masters as they had humiliated him were moonshine. Obsessed with tricking the girl, he had fallen into the trap he laid for her. Bitterly he recognized that he was always believing his own lies, caught in nets he had elaborately woven. Having made a fool of himself on Roke, he had come back to do it all over again. 'Keep her quiet,' said the young woman, and left him holding the mare's reins in this deserted place. She returned after some time lugging a heavy bucket, and set to sponging off the mare's leg. 'Get the saddle off her,' she said, and her tone held the unspoken, impatient, 'you fool!' Ivory obeyed, half-annoyed by this crude giantess and half-intrigued. She did not put him in mind of a flowering tree at all, but she was in fact beautiful, in a large, fierce way. The mare submitted to her absolutely. When she said, 'Move your foot!' the mare moved her foot. The woman wiped her down all over, put the saddle blanket back on her, and made sure she was standing in the sun. 'She'll be all right,' she said. 'There's a gash, but if you'll wash it with warm salt water four or five times a day, it'll heal clean, I'm sorry..' She said the last honestly, though grudgingly, as if she still wondered how he could have let his mare stand there to be assaulted, and she looked

straight at him for the first time. Her eyes were clear orange-brown, like dark topaz or amber. They were strange eyes, right on a level with his own. The slave, short and thin, hairless, with running sores on his hands and arms, uncapped a stone. "I will take you there," he said, stiffly, laboriously. After a bit Otter nodded left, away from the grey stone tower. They walked on towards a long, low building. Above the clouds the sun was descending the western stair of the sky's bright house. "Ard.
