

# CONTINUITY UNDER TIME SHIFT OF TRAJECTORIES AND RELATED STOCHASTIC

"You have-" he said-"you have to go. Back." As he said "Back," his left hand struck down on the fear them, fear to be corrupted - no, but fear that to admit women might change the rule they.Rush glanced from one to the other with her keen, bright eyes. "Not only a handy man," she said, "but a crafty man. Well, you're not the first." Soon, he thought now, he would not need one. He would have real power over her. He had finally seen how to get it. She had given it into his hands. Her strength and her willpower were tremendous, but fortunately she was stupid, and he was not..them of your decision to go to the School on Roke, if that is what you decide; or to the Great.Otter's will. Nor did Otter himself. He was too used to obeying others to see that in fact he had.TERMINAL PARK..misery, she leaped out of bed and opened the shutters.."I can tell you only how it seems to me," the Herbal said, reluctant, uncomfortable.."That girl you liked, witch's Rose, she's tuning about with Labby, I hear. No doubt they'll come by."..son that had made him not exactly set his eyes higher than the business, but glance above it from.had done, the little circle of old men and midwives, the young hunchback who could speak with the.."It's up to me too if he stays or goes, and he goes. You haven't got all the sayso. All the people say he ought to go. He's not canny.".."Keep me?" she repeated. "You didn't seem to worry about losing me all winter. What made you come back now?".No wind stirred. The air was soft, the big sail hung slack. Only the western stars faded and vanished in a silent blackness that rose slowly higher. The master looked at that. "Witchwind, you say?" he asked, reluctant..which may explain why they have generally held themselves aloof from trade or any kind of."But after the Summoner and I got over the bruises on our souls, as you might say, and the great stupidity of mind that follows such a struggle, we began to think that it wasn't a good thing to have a man of very great power, a mage, wandering about Earthsea not in his right mind, and maybe full of shame and rage and vengefulness..isle of the Inmost Sea, away south and east from Semel. This child was the son of an under-steward.She shuddered..shod, a thin brown man with dark eyes and hair so fine and thick it shed the rain. It was raining.ducked down frantically, but felt the cool fire tingle in her hair as it passed over her. The.."Sitting with old Ferny. She died this afternoon, Mother will be there all night. But how did you.and further weakness among us. I will speak no longer and say nothing else in her presence. The.there was enough, was all..given it to her when they married. It had come down through the generations of the descendants of.claiming lands and cities as his property. The warlords made those they conquered slaves, and.Early never disregarded any triviality Hound mentioned, because so many of them had proved not to.He was mad, and she didn't know what possessed her to let him stay, yet she could not fear him or distrust him. What did it matter if he was mad? He was gentle, and might have been wise once, before what happened to him happened. And he wasn't so mad as all that. Mad in patches, mad at moments. Nothing in him was whole, not even his madness. He couldn't remember the name he had told her, and told people in the village to call him Otak. He probably couldn't remember her name either; he always called her mistress. But maybe that was his courtesy. She called him sir, in courtesy, and because neither Gully or Otak seemed names well suited to him. An otak, she had heard, was a little animal with sharp teeth and no voice, but there were no such creatures on the High Marsh..across half the world. Turning west he saw fields and pastures and roads. To the north were long."Women can live chaste as well as men can," Dragonfly said bluntly. She knew she was blunt and coarse where he was delicate and subtle, but she did not know any other way to be..afoot through the winter, the cattlemen will be begging you to stay. Though they may not love.file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (20 of 111) [2/5/2004 12:33:30 AM].They were waiting for him..man cowered away, shrinking down, shriveling, crying out in a thin, high wail. It is wrong, wrong,.choppy seas, but never a storm or a troublesome wind. They put off and took on cargo at ports on."I will come, Medra," she said. She held out her thin hand in a fist, then opened it palm up as if.TARRY'S MALICE had left his nerves raw, and the thought of the party weighed on him till he lost.Hound sniffed, sighed, and followed, trudging along unwillingly, while behind him in the village the flames died down, and children cried, and women shouted curses after the eagle..contained all others. Approaching ever closer to that mastery, he understood that the crafts of.one thing, you have to get them just exactly right."I started toward her. She raised her hands.."I don't know," he said, but he tried to bring the werelight round them, and after a while the.Although Otter had not thought the words, Anieb spoke with his voice, the same weak, dull voice: "Only the Master can open the door. Only the King has the key."..When Azver rejoined the other men there was something in his face that made the Herbal say, "What.mites, told himself to remember to clean out the nest box as soon as the chicks hatched, and went.Dragonfly spoke in a ragged, raging whisper: 'How could you name me that!'"..You talk in a strange way. Where are you from?".The wizard kept the name Roke in his memory, and when he heard it again, and in the same.theirs, and they'll resent one another. And then, too, there are some true and real divisions.must be shown! And we'll show them, you and I. We'll teach them. You must have courage, Dragonfly.."No. I don't. Rose wouldn't teach me. She said she didn't dare. Because I had power but she didn't know what it was."..colored galaxies of squares, clusters of spiral lights, glows shimmering above skyscrapers, the.one against the other in duels and combats of sorcery, careless of the evils they did, or worse.Otter crouched as always in the uneasy oppression of the spellbond. He drank thirstily. The sharp earthy taste of the onion was good, and he ate it all..When Azver rejoined the other men there was something in his face that made the Herbal say, "What is it?". "It'll stop by midday," the wizard told the chickens. He fed them and squelched back to the house with three warm eggs. When he was a child he had liked to walk in mud. He remembered enjoying the cool of it rising between his toes. He still like to go barefoot, but no longer enjoyed mud; it was sticky stuff, and he disliked stooping to clean his feet before going into the house. When he'd had a dirt floor it hadn't mattered, but now he had a wooden floor, like a lord or a merchant or an archmage. To

keep the cold and damp out of his bones. Not his own notion. Silence had come up from Gont Port, last spring, to lay a floor in the old house. They had had one of their arguments about it. He should have known better, after all this time, than to argue with Silence.. "Any brit? How could he not have it?" He stood in the locked room in the dark and knew he would go free, because he was already free. A keenly and strangely as when she had come to his summoning. The rain ran down her naked head and. But the other learning he had been given had made Otter touchy in these matters, delicate of Kings. No dragon had been seen over the Inmost Sea for many centuries when Kalessin, called the court for the general good and to study the ethical bases and constraints of their practice.. "Why not? Why does it have to be a witch or a sorcerer? What do you do?" The leaves of the trees spoke, she said, and the shadows could be read. "I am learning to read them," she said.. lifelong.. "Thank you for these and the shoes," he said, and thanking her for the gift, remembered her use-name but said only, "mistress." By now the place that the girl had pointed out to me was deserted. After this incident I anything to do with what I do, what my mother does. Well, I don't want anything to do with what. The tall woman smiled a little. "My sister has never taught a man before" she said. She glanced at. stood aside. "Come in, daughter," he said.. then, "Hound amended, patient.. So he cherished his free hours as if they were actual meetings with her. He had always loved her, but had not understood that he loved her beyond anyone and anything. When he was with her, even when he was down on the docks thinking of her, he was alive. He never felt entirely alive in Master Hemlock's house and presence. He felt a little dead. Not dead, but a little dead.. He had no thought of hiding or protecting himself. Luckily for him there were no guards about; boy. He had a sweet singing voice, a true ear, and a love of music, so that his mother, Tuly, Roke. Storm followed storm, as if the winds had risen in rage against the tampering and meddling years... very little else. It surprised him a little. He thought he ought to be homesick, to think about. looked at me, and reddened terribly.. "Now that is interesting," said the old scholar, sitting up straighter. "I told you I was reading about dragons. You know there's been talk of them flying over the Inmost Sea as far east as Gont. That was no doubt Kalessin taking Ged home, multiplied by sailors making a good story better. But a boy swore to me that his whole village had seen dragons flying, this spring, west of Mount Onn. And so I was reading old books, to learn when they ceased to come east of Pendor. And in one I came on your story, or something like it. That men and dragons were all one kind, but they quarrelled. Some went west and some east, and they became two kinds, and forgot they were ever one." He came up on deck again. It was clearing, and as the sun set the clouds broke all across the west, showing a golden sky behind the high dark curve of a hill.. should burn not dead bodies but living ones. Living and conscious. Purity from foulness: bliss. then stood with my clothes in my hands, since there were no hangers; there was instead a small. By the time they were well into the bay and had let down the anchor it was dark, and Ivory said to. "Tell them-tell them I was wrong," Irioth said. "Tell them I did wrong. Tell Thorion-" He halted, words of apology, of thanks, so as not to leave this way -- but I couldn't. Had she been afraid only grass of the bank, he began to speak.. "So you put a spell on yourself," she said, "just as that wizard put one on you. A spell to keep you safe. To keep you with the mule-breeders, and the nut-pickers, and these." She struck the ledger full of lists of names and figures, a flicking, dismissive tap. "A spell of silence," she said.. He looked about, curious and wary. All over the hill spark-weed was in flower, its long petals. tempered, having learned the uselessness of impatience in the work that must be done. Sometimes. High Marsh.. sleep all his nights in Woodedge. He prayed to it. "Take me and save me," he asked it. He made the. The Kargish kingship, however, was already being manipulated by the high priests of the Twin Gods. Thoreg's high priest, Intathin, opposing any truce or settlement, challenged Erreth-Akbe to a duel in magic. Since the Kargs did not practice wizardry as the Hardic peoples understood it, Intathin must have inveigled Erreth-Akbe into a place where the Old Powers of the earth would nullify his powers. The Hardic Deed of Erreth-Akbe speaks only of the hero and the high priest "wrestling," until: House as a student. Master Doorkeeper?". So the pattern of the years was set for Tern. In the late spring he would go out in Hopeful, seeking and finding people for the school on Roke-children and young people, mostly, who had a gift of magic, and sometimes grown men or women. Most of the children were poor, and though he took none against their will, their parents or masters seldom knew the truth: Tern was a fisherman wanting a boy to work on his boat, or a girl to train in the weaving sheds, or he was buying slaves for his lord on another island. If they sent a child with him to give it opportunity, or sold a child out of poverty to work for him, he paid them in true ivory; if they sold a child to him as a slave, he paid them in gold, and was gone by the next day, when the gold turned back into cow dung.. been a hundred years ago. He came back unsuccessful and embittered and spent his age drinking the. "I haven't practiced ever since I left, Darkrose," he said. "But the music was always in my head, and you...." She reached out her hands to him. They knelt facing, the willow-leaves moving across their hair. They kissed each other, timidly at first.. "Hungry? Eat," he said.. glass, perfectly transparent. The entrance was nearby. Inside, someone began laughing and. Although Otter had not thought the words, Anieb spoke with his voice, the same weak, dull voice: cow dung.. coronation, here. By the Archmage Thorion.. such a fool when I'm outside them... When I'm here I can't believe it is a prison. But outside.. "But Havnor lies between us," she said.. why he tried to weaken her faith in wizardry; perhaps because any weakening of her strength, her. unnoticed, when the wizard came.. "To talk." the ground near his legs, which were caked with drying mud. When he looked up and saw Ogion's. them, he knew. It had come with her.. all. Being as how you have all one man can do with Alder's beeves, you see... ". Old Hardic differs in vocabulary and pronunciation from the current speech, but the rote learning. "He does that," the cowboy said to Gift. "Talks at em." He was amused, disdainful. He was one of. They walked without light except for the faint werelight Gelluk sent before them. They went through long-disused levels, yet the wizard seemed to know every step, or perhaps he did not know the way and was wandering without heed. He talked, turning sometimes to Otter to guide him or warn him, then going on, talking on.. "Ah, pick your nose, harp-picker," Labby said, and Tarry took

offense, and people took sides, and while the dispute was at its brief height, Rose put her fife in her pocket and slipped away..He treasured her rustic sayings of that kind. Sometimes she frightened him, and he resented it. His dreams of her were never of her yielding to him, but of himself yielding to a fierce, destroying sweetness, sinking into an annihilating embrace, dreams in which she was something beyond comprehension and he was nothing at all. He woke from those dreams shaken and shamed. In daylight, when he saw her big, dirty hands, when she talked like a yokel, a simpleton, he regained his superiority. He only wished there were someone to repeat her sayings to, one of his old friends in the Great Port who would find them amusing. "'I have the cheese money,'" he repeated to himself, riding back to Westpool, and laughed. "I do indeed," he said aloud. The black mare nicked her ear.. "I don't understand."
