

STATE OF ENGLAND BY EDW CHAMBERLAYNE THE TWENTIETH EDITION WITH LARGE

Diamond read it and took it to Master Hemlock, saying, "My mother wonders if I might spend a month at home this summer.". "Best come away," said the Master Windkey, his face set and sombre, his keen eyes troubled. He set off back to the School, and they straggled after him, arguing and debating in frustration and anger.."Free!" said the tall woman, and her voice cracked like a whip. Then she looked at her companions, and after a while she smiled a little. Turning back to Medra, she said, "We're prisoners, and so freedom is a thing we study. You came here through the walls of our prison. Seeking freedom, you say. But you should know that leaving Roke may be even harder than coming to it. Prison within prison, and some of it we have built ourselves." She looked at the others. She woke as suddenly when the east was just getting light. She went to the door to see what she loved best to see, the sky before sunrise. Looking down from it she saw Azver the Patterner

rolled up in his grey cloak, sound asleep on the ground before her doorstep. She withdrew noiselessly into the house. In a little while she saw him going back to his woods, walking a bit stiffly and scratching his head as he went, as people do when half awake..and bellies touched, though their hands stayed down by their sides. They went on kissing.. "And you asked me, What can you tell me that could make me trust you?". At O Port she had bought herself a decent shirt and breeches, at his suggestion, so as to look a more probable candidate for the School. Her face was windburned and scrubbed clean. Her hair was braided and the braid clubbed, like Ivory's. She had got her hands clean, too, and they lay flat on her thighs, long strong hands, like a man's.. "Those are spells of illusion only, of seeming. But there are true changes, and true summonings. And these may be true temptations to the wizard! It's a wonderful thing to fly on the wings of a falcon, mistress, and to see the earth below you with a falcon's eye. And summoning, which is naming truly, is a great power. To know the true name is to have power, as you know, mistress. And the summoner's art goes straight to that. It's a wonderful thing to summon up the semblance and the spirit of one long dead. What have we forgotten, turned our back on..There Medra walked with Elehal, on the white pavement, before there were any walls built round it..stone tower.. "All the foreigners in one basket," said the taverner, and this was repeated that night at the tavern several dozen times, an inexhaustible source of admiration, the best thing anybody'd said since the murrain.. "If Roke was now what it once was, known to be strong, those who fear us would come again to destroy us," said Veil..And Dulse was standing on his own doorstep, three eggs in his hand and the rain running cold down his back..She stretched, feeling the ease of her body in the warmth, and her mind drifted back to Ivory. She had had no one in her life to desire. When the young wizard first came riding by so slim and arrogant, she wished she could want him; but she didn't and couldn't, and so she had thought him spell-protected. Rose had explained to her how wizards' spells worked 'so that it never enters your head nor theirs, see, because it would take from their power, they say'. But Ivory, poor Ivory, had been all too unprotected. If anybody was under a spell of chastity it must have been herself, for charming and handsome as he was she had never been able to feel a thing for him but liking, and her only lust was to learn what he could teach her.. "I don't think it's true. I think all the true powers, all the old powers, at root are one..".good house." After a while he thought, "I might keep some goats..".had been waiting for me. They asked should.Her mother Ayo and her mothers sister Mead were wise women. They healed Otter as best they could with warm oils and massage, herbs and chants. They talked to him and listened when he talked. Neither of them had any doubt but that he was a man of great power. He denied this. "I could have done nothing without your daughter," he said..Hearing he was there, the teachers of Roke came, the men and women who were masters of their craft. Medra had been the Master Finder, until he went to the Grove. A young woman now taught that art, as he had taught it to her..by mere luck I didn't go wrong. And by Anieb's gift of strength to me. But for her I'd be Gelluk's."Gully," he named himself after a pause, and she thought it was a name he had made up to call.He came back in the evening, lamer than ever, for of course San had walked him clear out into the Long Fields where most of his beeves were. Nobody had horses but Alder, and they were for his cowboys. She gave her guest a basin of hot water and a clean towel for his poor feet, and then thought to ask him if he might want a bath, which he did. They heated the water and filled the old tub, and she went into her room while he had his bath on the hearth. When she came out it was all cleared away and wiped up, the towels hung before the fire. She'd never known a man to look after things like that, and who would have expected it of a rich man? Wouldn't he have servants, where he came from? But he was no more trouble than the cat. He washed his own clothes, even his bedsheet, had it done and hung out one sunny day before she knew what he was doing. "You needn't do that, sir, I'll do your things with mine," she said..had of bold strategy, firm leadership, and utter cruelty; and they credited him with powers he had.on other islands, the school's reputation and influence grew rapidly. "He was curing the cattle away out east over the marsh, in the cold, for days on end, and wore himself out.."She turned away from him and them and went on up the hill in the gathering darkness. As she went farther from them they saw her then, all of them, the great gold-mailed flanks, the spiked, coiling tail, the talons, and the breath that was bright fire. On the crest of the

Knoll she paused a while, her long head turning to look slowly round the Isle of Roke, gazing longest at the Grove, only a blur of darkness in darkness now. Then with a rattle like the shaking of sheets of brass the wide, vaned wings opened and the dragon sprang up into the air, circled Roke Knoll once, and flew..not crowed once this morning..the burning day.. "What have you got there?"..She knew he was right..Some people of great innate and trained power are able to find out the true name of another, or even to have it come to them unsought. Since such knowledge can be betrayed or misused, it is immensely dangerous. Ordinary people-and dragons-keep their true name secret; wizards hide and defend theirs with spells. Morred could not even begin to fight his Enemy until he saw his Enemy's name written in the dust by the falling rain. Ged could force the dragon Yevaud to obey him, having by both wizardry and scholarship discovered Yevaud's true name under centuries of false ones..teach me how to make stones into diamonds? Can you give me a sword that will kill a dragon? What's."Oh, they'll come for the glory," said the harper, a lean, long-jawed, wall-eyed fellow of forty. "Maybe you'll have a go with us yourself, then? You had a hand for it, before you took to making money. And the voice not bad, if you'd worked on it."..spoke. Rivers and streams cut their way seaward through that high plain, winding and pooling..gave me a dirty look, but said nothing; he turned and marched off, fingering something on his."But you can't have me without the music.".. "A sending with eyes, a seeming with seeing! May he be -" She stopped, at a loss suddenly for the word. She felt sick. She shuddered, and swallowed the cold spittle that welled in her mouth..She looked at the door of the bedroom. It opened and he stood there, thin and tired, his dark eyes full of sleep and bewilderment and pain..The king left soon after, and the Master Windkey went with him. Before the king was to be crowned, they went to Gont and sought our lord, to find what that meant, "a woman on Gont". Eh? But they did not see him, only my countrywoman Tenar of the Ring. She said she was not the woman they sought. And they found no one, nothing. So Lebannen judged it to be a prophecy yet to be fulfilled. And in Havnor he set his crown on his own head..did not count the levels passed; more and more people, who stopped in front of enamel boxes that.to Ged.) Intathin kept the other half of the broken Ring, and it "went into the dark"-that is..will that hurried his steps.. "Because there are more of us! Gather twenty or thirty people of power in a room, they'll each seek to have their way. And you put men who've always had their way together with women who've had theirs, and they'll resent one another. And then, too, there are some true and real divisions among us, Medra. They must be settled, and they can't be settled easily. Though a little goodwill would go a long way."..He said nothing. She squatted down to find out what was in the basket. "Peaches!" she said, and..an hour ago when the sun came out. Reeds brushed his legs. The mud was soft and sucking under his.larger than she was, enormously larger. She could reach out one finger and destroy him. He stood."Later? It varies. To some. . . you always give brit."..The witch sighed, like the ewe, uneasy and constrained..If he lives I will live.. They sent him to Sans house, but..behind it said, "Come in!"..Erreth-Akbe slip like the shadow of a great sundial across the roofs below. He gave orders, and..Later he knew he should never have let the boy leave the house. He had underestimated Diamond's willpower, or the strength of the spell the girl had laid on him. Their conversation was in the morning; Hemlock went back to the ancient cantrip he was annotating; it was not till supper time that he thought about his pupil, and not until he had eaten supper alone that he admitted that Diamond had run away.. "Oh yes. You are uncommonly slow, young man, to recognize your own capacities." It was spoken harshly, and Diamond stiffened up a bit.. "Sitting with old Ferny. She died this afternoon, Mother will be there all night.
