

LE BARBIER DE S VILLE OU LA PR CAUTION INUTILE COM DIE EN 4 ACTES

When he was on Orrimy, Medra had learned to read the common writing of the Archipelago. Later, Highdrake of Pendor had taught him some of the runes of power. That was known lore. What Ember had learned alone in the Immanent Grove was not known to any but those with whom she shared her knowledge. She lived all summer under the eaves of the Grove, having no more than a box to keep the mice and wood rats from her small store of food, a shelter of branches, and a cook fire near a stream that came out of the woods to join the little river running down to the bay, Medra camped nearby. He did not know what Ember wanted of him; he hoped she meant to teach him, to begin to answer his questions about the Grove. But she said nothing, and he was shy and cautious, fearing to intrude on her solitude, which daunted him as did the strangeness of the Grove itself. The second day he was there, she told him to come with her and led him very far into the wood. They walked for hours in silence. In the summer midday the woods were silent. No bird sang. The leaves did not stir. The aisles of the trees were endlessly different and all the same. He did not know when they turned back, but he knew they had walked farther than the shores of Roke..Reach, to look for dragons. There was a great longing in his heart to see a dragon. But untimely.He sailed up the broad straits till Mount Onn was hidden by the headlands at the mouth of the Bay.Diamond sat upright and still. And he stalked off towards the Overfell, angry with the boy for coming and with himself for giving in; but it was not anger that made his heart pound. Striding along-he could stride, then-with the seawind pushing at him always from the left and the early sunlight on the sea out past the vast shadow of the mountain, he thought of the Mages of Roke, the masters of the art magic, the professors of mystery and power. "He was too much for 'em, was he? And he'll be too much for me," he thought, and smiled. He was a peaceful man, but he did not mind a bit of danger.."Broom's a village sorcerer. You learn what you're doing while you do it. No chance to practice. "Ah-there! You feel that?"..said, and left the room.."Everything is practice," Tangle said. She was never ill-natured. She seldom thought to do anything much for her daughter, but never hurt her, never scolded her, and gave her whatever she asked for, dinner, a toad of her own, the amethyst necklace, lessons in witchcraft. She would have provided new clothes if Rose had asked for them, but she never did. Rose had looked after herself from an early age; and this was one of the reasons Diamond loved her. and the crafts of illusion, and the knowledge of the songs. Those are the arts. That is, human beings chose to have possessions and dragons chose not to. But, as there are ascetics among humans, some dragons are greedy for shining things, gold, jewels; one was Yevaud, who sometimes came among people in human form, and who made the rich Isle of Pendor into a dragon nursery, until driven back into the west by Ged. But the marauding dragons of the Lay and the songs seem to have been moved not so much by greed as by anger, a sense of having been cheated, betrayed...After a bit Otter nodded left, away from the grey stone tower. They walked on towards a long, a wrong turning somewhere. Tall reeds rose up close beside the paths, so that if a light shone. file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (23 of 111) [2/5/2004 12:33:30 AM]. She was getting used to his strange face now and was able to read it. She thought that he looked sad. His way of speaking was harsh, quick, dry, peaceable. The men of the Isle are not always wise, eh?" he said. "Maybe the Doorkeeper." He looked at her now, not glancing but squarely, his eyes catching and holding hers. "But there. In the wood. Under the trees. There is the old wisdom. Never old. I can't teach you. I can take you into the Grove." After a minute he stood up. "Yes?" came on your story, or something like it. These fiery flights caused great terror, and hundreds of boats carried people fleeing from Paln and Semel to the Inner Islands; but the dragons were not doing as much damage as the Kargs, and Maharion judged the urgent danger lay in the east. While he himself went west to fight dragons, he sent Erreth-Akbe east to try to establish peace with the King of the Kargad Lands.."In the Inmost Sea, on the Isle of the Wise, on Roke Island, where all magery is taught, there are nine Masters," he began..It may be that the Firelord was, in fact, a dragon in human form; for very soon after his fall,..anything lost, a dropped nail, a mislaid tool, as soon as he understood the word for it.
