It's earlier than usual, but obviously there's enough body heat to keep the dome buoyed aloft I imagine the Central Arena drifting away like that floating city they want to make out of Venice, California. There is something appealing about the thought of this dome floating away like dandelion fluff. Briefly, to answer other statements in the letters: I apologize for implying that Tolkien's hobbits and Ents (or his other bucolic-comic creations) are as empty-sublime as the Big People's heroics. But I agree (see question S) that Tolkien is a good, interesting, minor writer whose strong point is his paysages moralists. Ditto C S. Lewis, in bis Naraya books. As for other writers mentioned, only strong, selective blindness could miss the Vancian cynicism or the massive Dunsanian irony (sometimes spilling over into despair) which make their heroism far from simple or unquestioned-by-the-authors-them-selves.
