For, all of a sudden, a great hand..Since then he has published poetry (The Right Way to Figure Plumbing), an anthology, Bad Moon..The cause of this high morale rests with one programmer in our department, Morris Hazeldorf, the inventor of Zorphwar. While I admit that his shaggy hair and unkempt personal attire might turn you off on first encounter, Morris is an extremely bright and able young man. Single-handed, he programmed the entire HAFAS (Hierarchical Accounting File Access System). And in his spare time over the past year, Morris has been creating Zorphwar, an exciting game that operates on our system.."You've heard of the long-period Martian seasonal theories? Well, part of it is more than a theory. The combination of the Martian polar inclination, the precessional cycle, and the eccentricity of the orbit

produces seasons that are about twelve thousand years long. We're in the middle of winter, though we landed in the nominal 'summer/ It's been theorized that if there were any Martian life it would have adapted to these longer cycles. It hibernates in spores during the cold cycle, when the water and carbon dioxide freeze out at the poles, then comes out when enough ice melts to permit biological processes. We seem to have fooled these plants; they thought summer was here when the water vapor content went up around the camp."I heard the typewriter stop ticking and the scrape of a chair being scooted back.
